☑ ~~User Admin Exports Patients List~~

As a User Admin, I can Export a list of all Pathfinders in the system, so that I can provide this list to our records requesters.

Wireframe: https://live.uxpin.com/a238c159251ee591036a0ad962f1527049cdeefa#/pages/30260209

☑ ~~The list is a .csv~~

☑ ~~The title of this document is "Patients_<currentDate>.csv" (currentDate format is "mm-dd-yyyy")~~

☑ ~~The list contains all Pathfinders in our system~~

☑ ~~When I click the Export button, the .csv is created and put onto the sftp.~~

☑ ~~I can see the last 5 Patients lists that I have exported~~

~~The columns of the .csv are:~~

☑ ~~Patient ID~~

☑ ~~First Name~~

☑ ~~Last Name~~

☑ ~~Date of Birth~~

☑ ~~Phone Number~~
