☑ ~~TF Replacement: User Admin Adds a Records Request for Pathfinder~~
As a User Admin, I can add a provider request to a pathfinders account from their account page, so that I can assist Pathfinders who were unable to locate their provider via the NPI lookup.

☑ ~~In a Pathfinder's account page on the "Provider Requests" tab, I can search for and add a provider request.~~

☑ ~~This provider search and request functionality functions in the same way as it does for the Pathfinder themselves.~~
